Application Pipeline

A structured flow of how job applications for our institute are processed.

1

Job Application Created

Admin creates a job posting based on requirements.

2

Open to Applicants

The form becomes publically available.

3

Form Filling

Candidates fill their basic details

4

Reviewed by HOD

The respective department HOD reviews the form

5

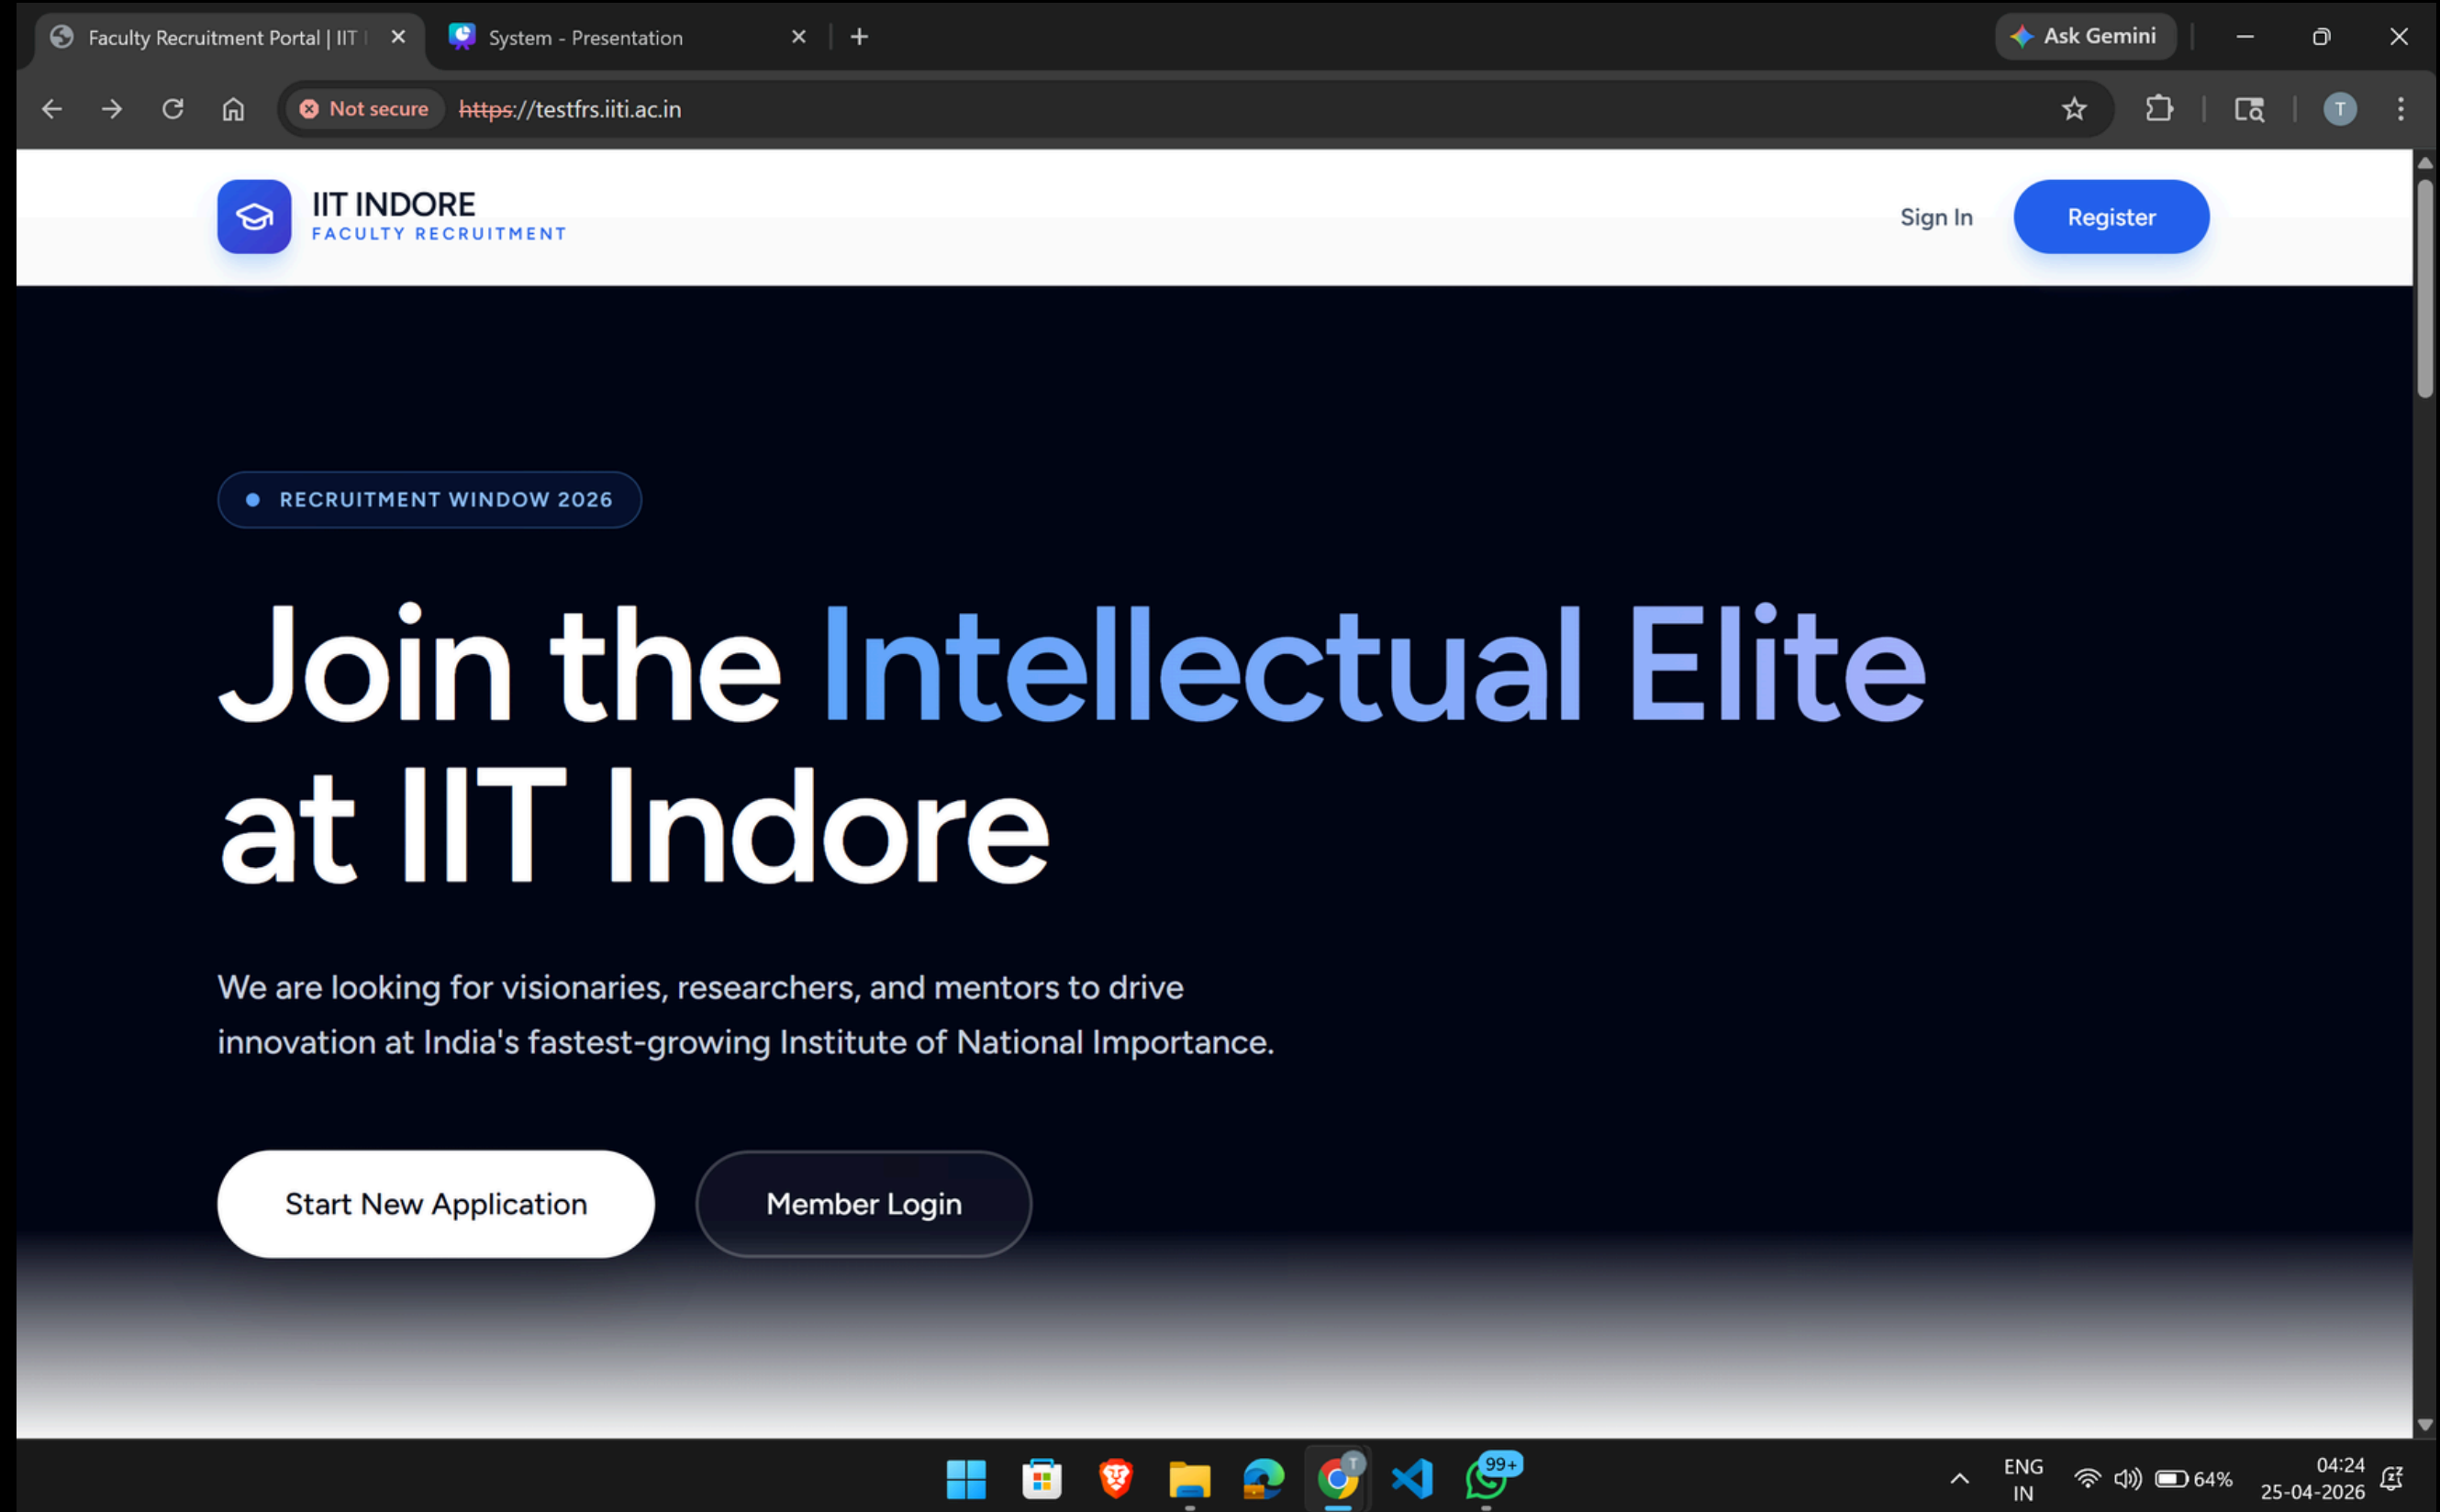

Shortlisted/ Rejected

Form is reviewed and decision is taken.

Maintenance and Testing

Features were developed keeping in mind the maintainability of code.

Automated Deployment

A single deploy.sh script handles git pull, dependency install, asset build, migrations, cache rebuild, and queue restart in one command.

Verified on 200+ Testcases

Covering Authentication, Application Wizard (all 11 steps), Admin/HOD workflows, Email notifications, and Export features.

Background Job Queue

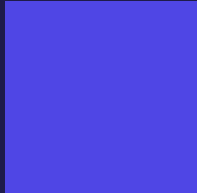

Emails and PDF generation run asynchronously via Redis workers, keeping the user experience fast even under load.

Cross-Browser & Responsive

Tested on Chrome, Firefox, Safari, and Edge

Core Features

Essential and good to have features for the faculty management system.

1

Leave Management

Apply, track, and manage all leave types with real-time balance.

2

Annexure Submissions

Generate and submit official certificates with approval tracking.

3

Role-Based Access

Separate portals for Faculty, HOD, and Admin with tailored controls.

4

Notices & Announcements

Broadcast official communications to faculty or departments.

5

Faculty Profile

Centralized personal, professional, and contact information.

6

Reports & Analytics

Institute-wide leave reports filterable by faculty, type, and year.

Leave Management

Faculty can apply for leaves, track balances, and monitor approval status in real time.

Various Leave Types Supported

CL, SL, EL, ML, PL, BL, and OL with individual day balances maintained per year.

Multi-Stage Approval

Requests route from Faculty → HOD Recommendation → Admin Final Approval.

Status Tracking

Faculty can view Approved, Pending, and Rejected requests at a glance.

Filter & Export

Admin can filter by faculty, leave type, status, and year; export as PDF or Excel.
